NOTES AND ORDERS.

The question of limiting the staff which the Registrar may be allowed to take from such work.

The Registrar states in his letter No 1408 J dated 24th February 1914 in explaining the reasons for the long stay of his Establt at Lucknow that much of the outside

help which has given to him in 1912 was not available in 1913. Again in the Printed Proceedings of the Conference in the Introductory portion thereof the Registrar remarks that Govt. ... could not come to any help this year!

(2) The Registrar is reticient as to the exact nature of the help that was used to be given in past years & denied this year - whatever it is the Astronomer's help on which the Registrar counts in getting up the Conference is purely official. The people of the city do not seem to take any interest in it - as neither they nor any cooperative body in the Bezwada City come in for any Special mention in connection with the Conf.

(3) another point for consideration is that the Dasara synchronises with the Conference which may be helpful in

attracting numerous adverse from the nothings of the conference the question of accomodation for the delegates & respectable outside visitors from London & other places seems to be very difficult. All the same it has to be provided & the visitors' comforts attended to.

Thirdly the conference proposedly has to be arranged - minutes taken & report got up. Now in the usual course of things this is all done by private agency. But as it is the whole conference is organised & seen up departmentally by the Registrar & his staff involving considerable responsibility. How far the Registrar can be restricted in regard to the staff he can table to keep for this purpose is therefore for consideration & orders.

(13) While the Registrar assures that the period of stay of his staff at Mysore during the annual Conferences will be limited to not more than a week or ten days, he states nothing about limiting the staff itself that he takes for the Conference. It is a point for consideration if it is necessary to take all the clerical staff of the Regr & the Inspectors to Mysore

OFFICE OF THE

REGISTRAR OF CO-OPERATIVE SOCIETIES

IN MYSORE.

Dated ~~Camp~~, Bangalore 17th November 19

From

M.A. Narayan Ayangar, Esq., B.A. B.L.,

Registrar of Co-operative Societies in Mysore.

To

C.S. Balasundaram Iyer, Esq., B.A.,

Secretary to the Government of His Highness the

Maharaja of Mysore, Departments of Education Agriculture,

B a n g a l o r e.

Sir

With reference to your letter No.695/B.13-13 dated the 16th October 1914, I have the honor to state that although the last four Provincial Co-operative Conferences were held at Mysore, there is no ruling that they should continue to be conducted at Mysore and during the Dassara period. In my letter No.383/C.S. dated 10th September 1913 I requested sanction for holding the Conference annually at Mysore but the Government ordered in their No.Fl.2271/B.13-13-9 dated 29th November 1913 that it was not necessary to give the general sanction sought. It may be an advantage sometime to change the place of holding the Conference, if possible, to Bangalore, Shimoga and other District Head-Quarters, - though for the present we may not be in a position to give up its connection with the Mysore Dassara festivities, and this state of things may perhaps have to continue till eith the Government or the Societies can pay the travelling expe

of the delegates, amounting to about 6,000 rupee
600 Societies.

2. It has been remarked that the taking of my Staff to Mysore for the Conference dislocates ordinary work. It seems to me on the contrary to facilitate its disposal as I am able to get first hand information about various mattem from the members of the Societies who attend the Conference as delegates. Further, the occasion is one at which my Inspecto gain a knowledge of how Co-operation is progressing outside their charges, acquire an insight into several matters which claim the attention of the Department, and are thus able to introduce improvements in the working of the Societies in their charge.

3.. At the last Conference care had been taken to see that no official had stayed in Mysore for more than ten days. Similar precautions will be taken to see that the period of stay in future will be limited to a minimum of not more than a week or ten days.

4. I believe a certain amount of discretion may justly be allowed to the Head of a Department in the matter of regulating how best he can usefully employ portions of his staff on extraordinary occasions, and as such I regret I am not in a position to recommend the institution of any hard and fast rules on the subject. In my humble opinion such rules will not make for the efficiency, which alone is their legitimate goal.

I have the honor to be,

Sir,

Your most obedient servant

Order thereon N

The Regr to take precautions that the period of halt in the case of his staff is limited in future to a maximum of a week or ten days. He is however of opinion that no hard and fast rules should be framed, limiting the staff that he may take with him for Conference work at any one, as the occasion offers special opportunities for the staff to gain additional knowledge. Govt accept with the Registrar's proposals and hope that a larger staff

Govt are pleased to accept the Registrar's suggestion and direct that the Registrar may take as many members of the staff as are absolutely requ for work in Allyse without fixing any definite number for the present. No member of the staff may be detained there for more than 10 days on the occasion.
